Maestro® High-Density Stack Chair

Stackable Convenience

Maestro is ideal for areas that require high-density, movable seating. Chairs can be set up, re-arranged, stacked, moved, and stored - adding versatility to nearly any application. From 10 chairs in a break room to 100 in a cafeteria to 1,000 in a lecture hall or convention center, Maestro chairs are the easy solution in any high-density seating environment.

Reliable Toughness

Set them up. Move them around. Stack them up. And, do it over and over again. Maestro chairs are built to withstand vigorous use and still provide years of convenient, versatile seating. Maestro is priced to accommodate high-volume seating needs and modest budgets.

A Matter of Choice

Choose your style from chairs with poly seats and backs, poly backs with upholstered seat pads or upholstered seat and back pads (optional tablet arm, too). Design options range from sophisticated neutrals to energizing bright colors for both seats and frames.

Specifications

W19-1/4 D21-1/4 H31-1/2
 Seat: W18 D17-1/2 H17-1/2
 Seat pad adds 1/2" to seat height
 Tablet: W12 D20-1/2

Stack Maestro 10-high on the floor or stack poly chairs 38-high and upholstered chairs 15-high on a dolly.

Upholstered seat and back pads provide extra comfort and a more refined look, yet still have high-density stacking capabilities.

Integrated handle in the seat back allows for easy lifting, moving and stacking.

Ganging or non-ganging glide options accommodate any flooring surface – from carpet to tile to wood – and any application.
