

Ivy League Furniture. A lesson in strength and reliability.

- Timeless design
- Unbeatable durability
- Pride of ownership

# classic

simplicity never goes out of style

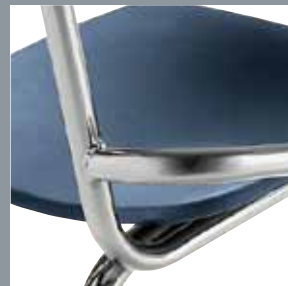

Ivy League provides a complete collection of classic classroom furniture... chairs, teacher's chairs, stools, a variety of desks and combo desks. This timeless style meets specific classroom needs now and adapts to the needs of the future.

Swivel glides (nylon or steel) have a smooth sidewall collar that keeps water and wax from entering the tubular frame and causing deterioration.

Ivy League welds are typically full circumference of the tubular steel resulting in a stiffer and more secure weld.

# durable

toughness for product longevity

Ivy League has unbeatable quality, incredible durability, and an industry-leading 15-year warranty. KI takes the finest materials, applies careful engineering and exacting construction standards to bring you classroom furniture that withstands school use and abuse. It passes the test of time.

Passes multiple ANSI/  
BIFMA durability tests.

Certified Greenguard for  
Children & Schools.

Tamper-resistant Torx head screws stay put until purposely removed. There are no exposed screws on seats or worksurfaces resulting in smooth, snag-free surfaces and better looks.

Strong, durable rivets attach book racks to frames. There are no cold welds to break and it looks cleaner, too.
