

Corfu is an extensive collection featuring multi-purpose and conference seating. Please see the PLASTIC & UPHOLSTERED, WOOD & UPHOLSTERED and CONFERENCE & TASK brochures for a complete listing of product.

Corfu is designed to support sustainability: it is made using recycled materials, with an overall recycled content of 60% - and its packaging is also made from recycled materials. Corfu's component materials are also recyclable at the end of product life, with an overall recycled content of 85%. Corfu is certified under the GREENGUARD™ emissions standard.

Seats, backs and arms are field-replaceable if damaged, extending the life of the product.

All products are air emissions certified and are available as FSC® certified
