Privée

FEATURES

- Privée offers real acoustic comfort, with 60% of sound waves reflected in highly-reverberant environments coming from the ceiling. This is why the Privée features a high back and sides.
- The interior canopy is padded with sound-absorbing recycled composite polyurethane with the interior frame of the canopy made of a 0.6" (6 mm) steel tube and a 0.2" (5 mm) thick steel plate.
- The canopy is completely upholstered in soft gray textiles specially designed with ribbed stitching detail for a homely feel, and closed with a zipper.
- The frame supporting the canopy is made up of 2 gauge rectangular steel tube 2 x 0.5" (50 x 12 mm), and epoxy powder coated standard in white.
- The back is constructed of 0.75" (30 mm) plywood and is padded with CFC free high-density foam.
- Removable back and seat cushions are stuffed with polyester fibers, slip covered and closed with a zipper. Each model comes with two armrest throw pillows (Excluding ottomans).
- Canopy and walls come standard in Gray or Black upholstery.

FIND A SEAT FOR YOU

Privée lounge seating is designed to inspire the way you work. Privée is available in an array of options from open sofas, arm chairs and ottomans which still embody on the spirit of the models with a canopy. These designs offer a more open environment.

LAB TESTED

The canopy, which encloses the Privée, offers total acoustic comfort to hold a clearly understood conversation, listen to music, or make private phone calls with a noise reduction of over 15 dB for frequencies between 500 Hz and 2,000 Hz.

PRIVACY IN PRIVÉE

With Privée, the furniture becomes the architecture; the canopies, although enclosed, are inviting structures that wrap around the seating to ensure privacy and acoustic comfort. The Privée lounge seating can also be fitted with convenient swivel tables, providing a multi-purpose surface to support the way you work.
