Three sizes  
- (w) 23.7" x (h) 63" x (d) 0.6"  
- (w) 47.5" x (h) 63" x (d) 0.6"  
- (w) 47.5" x (h) 31.5" x (d) 0.6"

## FLAMMABILITY

Please Inquire

## ACOUSTIC

NRC: 0.65

## APPLICATION

Hanging Screen

## DESCRIPTION

Scala Hanging Screens are part of the Scala series by Anya Sebton. The inspiration comes from the many houses in Iceland, where not only the roofs, but the facades too, are covered by corrugated iron. It gave birth to the idea of bringing it into the space. The design of the sound-absorbent Scala is not only developed for visual reasons, but primarily to contribute to a softer soundscape.

## BENEFITS

**Designed for the Environment:** Scala is manufactured on the basis of technical, environmental and production ethical requirements. There are no emissions to air, water or land during the production of Scala. The sound-absorbent core of Scala contains recycled materials. Scala Screen is recyclable.

**Ease of Installation:** Scala Hanging Screens are easily suspended from ceilings by two adjustable wires with connecting points on either end.

**Improved Sound Absorption:** Scala Hanging Screen is ideal for high-frequency absorption and achieves an NRC 0.65 rating.

**Recyclable:** The materials in Scala Hanging Screens are recyclable, either as material recycling, or energy recovery.

**Please Note:** Panels CANNOT be cut in the field.
